PRODUCT INFORMATION

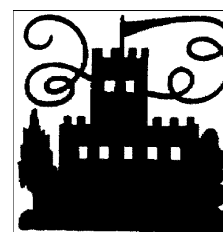

Casa Loma

Casa Loma

Casa Loma is filled with tradition and history. This 3 pattern jacquard woven collection features 3 distinct designs. **Camelot** is a beautifully drawn traditional frame, filled with texture and elegance. **Newcastle** falls into a more transitional story with its floral scroll that is very decorative and flows with grace. **Stoneridge** is our squiggly coordinate that works well with either of the main patterns listed above. All three patterns are available in the same 15 rich fabulous colors offering plenty of mix & match possibilities.

The book size for Casa Loma is the same finished size as Allure. To ensure that the patterns are clearly depicted, patterns **Camelot** and **Newcastle** will have full pattern repeat photos printed in black & white on the back of each swatch.
