PRODUCT INFORMATION

The Tannery III - J3771

THE TANNERY III

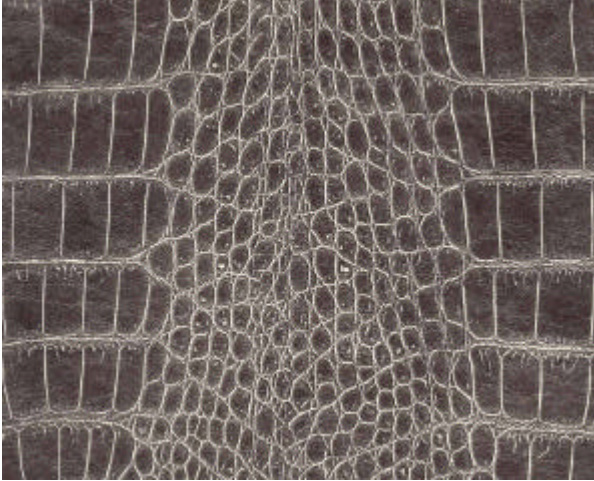

Introducing our third remarkable faux leather collection. The Tannery III offers nine new designs in the most intriguing textures. All designs are sampled in traditional natural leather colors and a few select designs in highly decorative off-white, pink, lime, and baby blue.

These fabrics are constructed primarily of PVC (poly vinyl chloride) with polyester and cotton backing to add to their stability. These goods have a supple hand, distressed finishes and are very easy to care for. The Tannery III has a total of 51 skus and is exclusive to Joanne/J.F. Fabrics.

UNDENIABLY HOT!
