Plush - J3801

Plush

Faux Suede has taken the world by storm. Introducing Plush, the latest addition to our faux suede family. With just one look you can instantly appreciate how *soft* and *luxurious* this flannel faux suede is without even touching it. Plush is woven with two types of polyester which absorb two different color tones when dyed. The softness is created when the yarns expand (actually bursting) in the dying process creating a very luscious heathered suede-like finish. Available in 30 fashionable shades. Plush has a water repellent finish and is washable or dry cleanable. Plush is exclusive to Joanne / J.F. Fabrics.
