## TOWN & COUNTRY COLLECTION

Exclusive to Joanne/JF Fabrics for North America

---

**Town & Country** is a fresh and captivating collection of versatile floral patterns and coordinating plain designs that are suitable for an array of applications such as drapery, bedding, upholstery and decorative accessories. This collection is comprised of seven patterns (39 skus) including our re-sampled Samurai and Viva. Of the seven patterns in the Town & Country collection, patterns Emotion, Pinehurst and Wildwood are printed on a cotton textured linen-like base-cloth, which has random slubs in the warp and weft giving the print loads of charm. This linen-like quality is treated with a **Teflon®** finish, and therefore offers a huge advantage for upholstery use. Patterns Augusta and Scottsdale are printed on a high quality 100% cotton plain duck cloth.

Our **Town & Country** Collection encompasses five color themes, ranging from classics to the fresh and fashionable.

 Permanent FR (NFPA 701) finish is available for patterns **AUGUSTA**, **EMOTION**, **PINEHURST**, **SCOTTSDALE** & **WILDWOOD** - Minimum quantity 50 yards. (With the exception of Samurai & Viva)

**AUGUSTA** – A medium scale crewel-like floral design printed on a plain duck base cloth. This delightful pattern is available in 5 creative and inspiring color ways and is suitable for bedding, drapery, upholstery and decorative accessories.

**EMOTION** – A multi-tonal stripe designed to run up the roll and coordinate throughout the entire collection. Emotion is printed on a textured linen-look base cloth and is treated with a **Teflon**<sup>®</sup> finish. This pattern was sampled in our previous Fragrance collection and is now re-sampled in 5 new color ways in the Town & Country collection.

**PINEHURST** – A tone on tone floral design with a subtle brush-stroke background. The washed look of this pattern gives the appearance of an antique aged fabric. This design is printed on a textured linen-look base cloth and is treated with a **Teflon**<sup>®</sup> finish. Available in 4 color ways.

**SAMURAI** – A 100% Dupioni silk that produces a luxurious and opulent effect that can only be achieved with this natural fiber. The fabric woven from these yarns creates an uneven and shaded effect, which gives it its natural beauty. Samurai is re-sampled in this collection in 8 color ways.
